The existing accommodation in the Local Fund Hospital, Buntwal is found quite inadequate on account of the growing popularity of the institution. The Board has no funds to construct new buildings. Now new buildings for the offices of the Deputy Tahsildar, Sub Registrar and Police station are being constructed in Muda village at the junction of the road leading to Buntwal and Panemangalore and I understand that the buildings in Buntwal town will be vacated shortly. If you are pleased to make over the building to the Board, it has been proposed to utilise the present Hospital building exclusiv-ly for inpatient department and the Sub Registrar's Office building which adjoins the Hospital compound for outpatient department after making some minor alterations.

2. There is a Board Elementary school in Buntwal which is at present held in the Basel Mission building on rent. The Mission Authorities are going to dispose of the said building; but in the present financial stringency my Board is not in a position to purchase that building, If the building is disposed of by the Mission Authorities, there will be no suitable building for the Elementary school which has a good attendance of about 200 pupils. The Deputy Tahsildar's Office building which will be vacated shortly will be the best accommodation which the school may expect to have.

3. I accordingly request that you may be pleased to make over these buildings to the Taluk Board on condition of resumption when they are not utilised for the purpose intended for.

4. A copy of the Taluk Board's resolution in the matter is enclosed.

Please see the Board's Reference at p p19 to 21 Cf and the Collector's reply at p p33 to 34 Cf -

2 There are four buildings and a well on the site. The well was sunk by the Taluk Board at a cost of Rs 800/- 12 years ago. The building marked "C" in the sketch at p 15 Cf has been in the occupation of the Taluk Board for the last 40 years and the Sub Magistrate had been occupying it for the last 30 years. The Sub Registrar's office buildings were taken possession of from the P.W.D on 21.12.31. The remaining buildings are yet under the control of the P.W.D. The Collector reports that the Ex. Engineer, West Coast Division expects to deliver

the remaining buildings only by the end of March of 33. It would not be proper to proceed with the alienation of the buildings when the Dy Tahsildar is away issuing them. The Collector may therefore be requested to review the proposals after they new buildings are taken possession of by the Rev. Bishop + the old buildings are vacated & reports that the Collector Board is also willing to pay ground rent on the entire extent of 63 cents if the Govt are not prepared to exempt it from the payment of land revenue. As the Taluk Boards are deriving income only from the buildings & not from the sites, it seems equitable to charge assessment only on the extent occupied by the buildings. Building 'A' is to be used for School purposes and buildings
